SUMMARY

Fresh Information Technology graduate with hands-on experience in full-stack web development, UI/UX design, and system development gained through internship and academic projects. Skilled in developing Laravel-based systems, responsive user interfaces, and database-driven applications. Seeking an entry-level software development or IT role where I can contribute my technical skills, problem-solving abilities, and eagerness to grow.

TECHNICAL SKILLS

- **Programming:** Python, Java, PHP, JavaScript, Dart
- **Web Development:** HTML, CSS, Laravel, Blade, Django
- **Mobile Development:** Flutter
- **Database:** MySQL (XAMPP, Laragon)
- **Version Control:** Git, GitHub
- **Tools:** Figma, Canva, MS Office, Composer, Blackbox AI, XAMPP, Laragon
- **Other:** Troubleshooting, Hardware & Software Maintenance, System Testing, Basic API Integration

WORK EXPERIENCE

Virtual Assistant / Team Manager

Jan 2021 - Jan 2023

- Managed remote teams and delegated tasks efficiently
- Provided administrative support, scheduling, and pubmat editing
- Improved team productivity and communication workflows

INTERNSHIP

System Development Intern (Full-Stack Developer)

Jan 2026 - May 2026

Department of Human Settlements and Urban Development Region IV-A (DHSUD)

- Assisted in developing system features for a web-based internal application
- Contributed to both frontend and backend development tasks
- Participated in system testing, debugging, and workflow improvements
- Collaborated with the development team in an Agile-like environment

PROJECT

AROIMAK: A Digital Application Management System with Audio Menu

Thai Pronunciation for It's a Thai (Capstone Project)

- Developed a tablet-based ordering system for a Thai restaurant
- Integrated Thai audio pronunciation and interactive UI features
- Focused on improving user experience and ordering efficiency
- Contributed to both frontend design and backend development

Notice of Violation Tracker System (Internship Project)

- Web-based system for tracking developer violations (Laravel, PHP, Laragon)
- Implemented unique violation number generation per record
- Built full workflow from issuance to resolution
- Used Laragon, Composer, Git, and GitHub for development

EDUCATION

Bachelor of Science in Information Technology

City College of Calamba

2022 - May 2026

Junior High School & Senior High School (STEM Strand)

St. John Colleges Inc.

2016 - 2022
